

**MINISTRY OF BUSINESS,
INNOVATION & EMPLOYMENT**
HIKINA WHAKATUTUKI

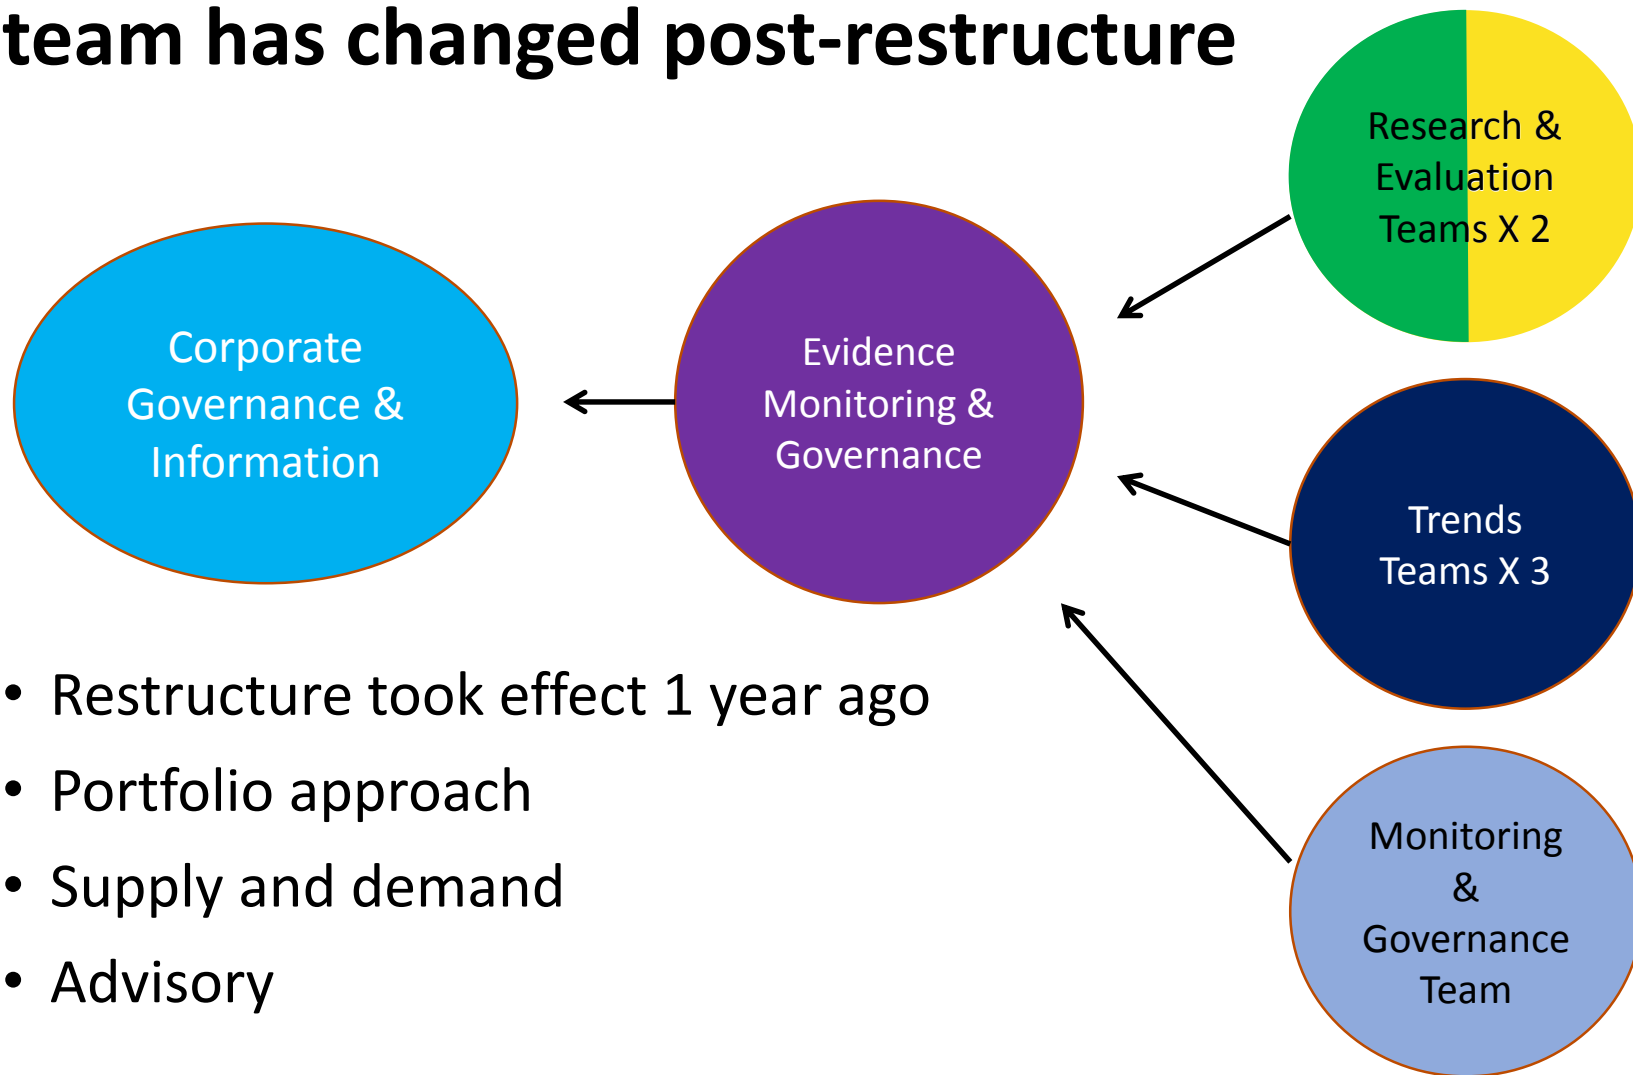

MBIE's Migration Research & Evaluation Team and a preview of the 2015/16 Migration Trends Report

The Ministry of Business Innovation & Employment Organisational Structure

The MBIE Immigration Research & Evaluation team has changed post-restructure

- Restructure took effect 1 year ago
- Portfolio approach
- Supply and demand
- Advisory

Our work supports policy development, operational policy, and strategic intent

- Advice – “help us understand your information need”
- Ad hoc – how many skilled migrants have jobs in Blenheim
- Analysis – informing NZRP recommendations
- Dashboards – Refugee resettlement
- Surveys – Customer Experience Survey
- IDI Research – Student visa transitions
- Economic Research – Labour market outcomes
- Evaluation - Global Impact Visa
- Contract management – some of the above

We are building an immigration measurement framework with colleagues in our wider business group

- Migration Trends relocate to Labour Market Trends
- Immigration Measurement Framework
 - PLT – arrival and departure cards
 - Visa Approvals – administrative data about visa application decisions
 - People Approvals – counts of people with 1 or more visas
 - Spells Dataset – stock of people at a point in time

Migration Trends – some key facts and highlights

- Annual report
- Contributes to OECD Annual Report – “International Migration Outlook”
- Visa Approval data (people)
- Release date – November 2016
- Temporary Migration
- Permanent Migration

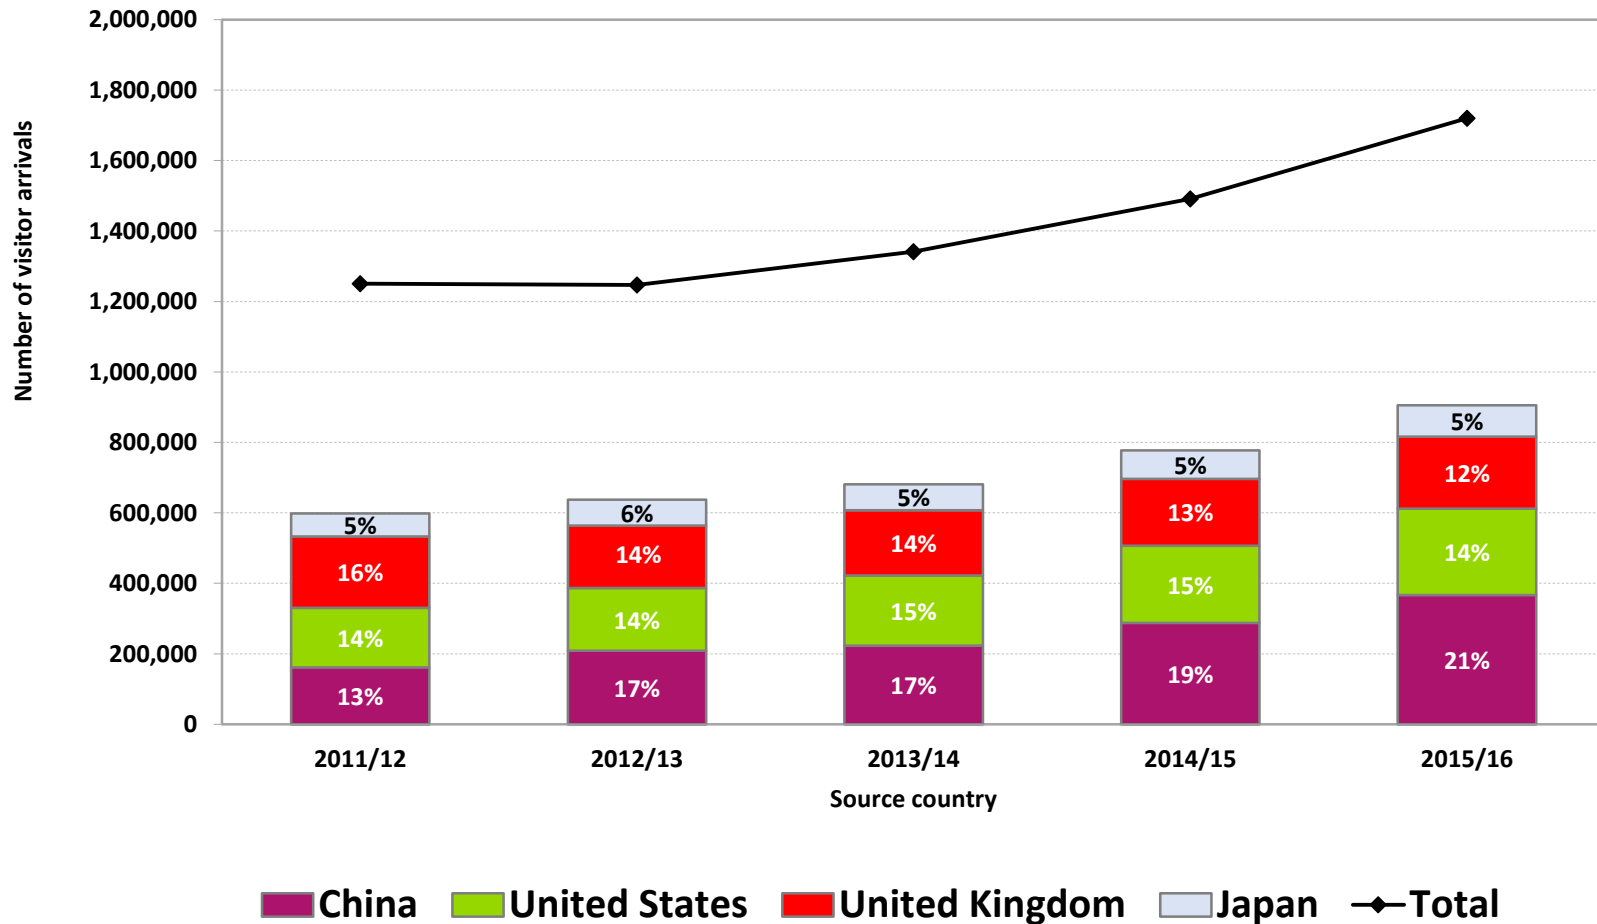

Temporary Migration

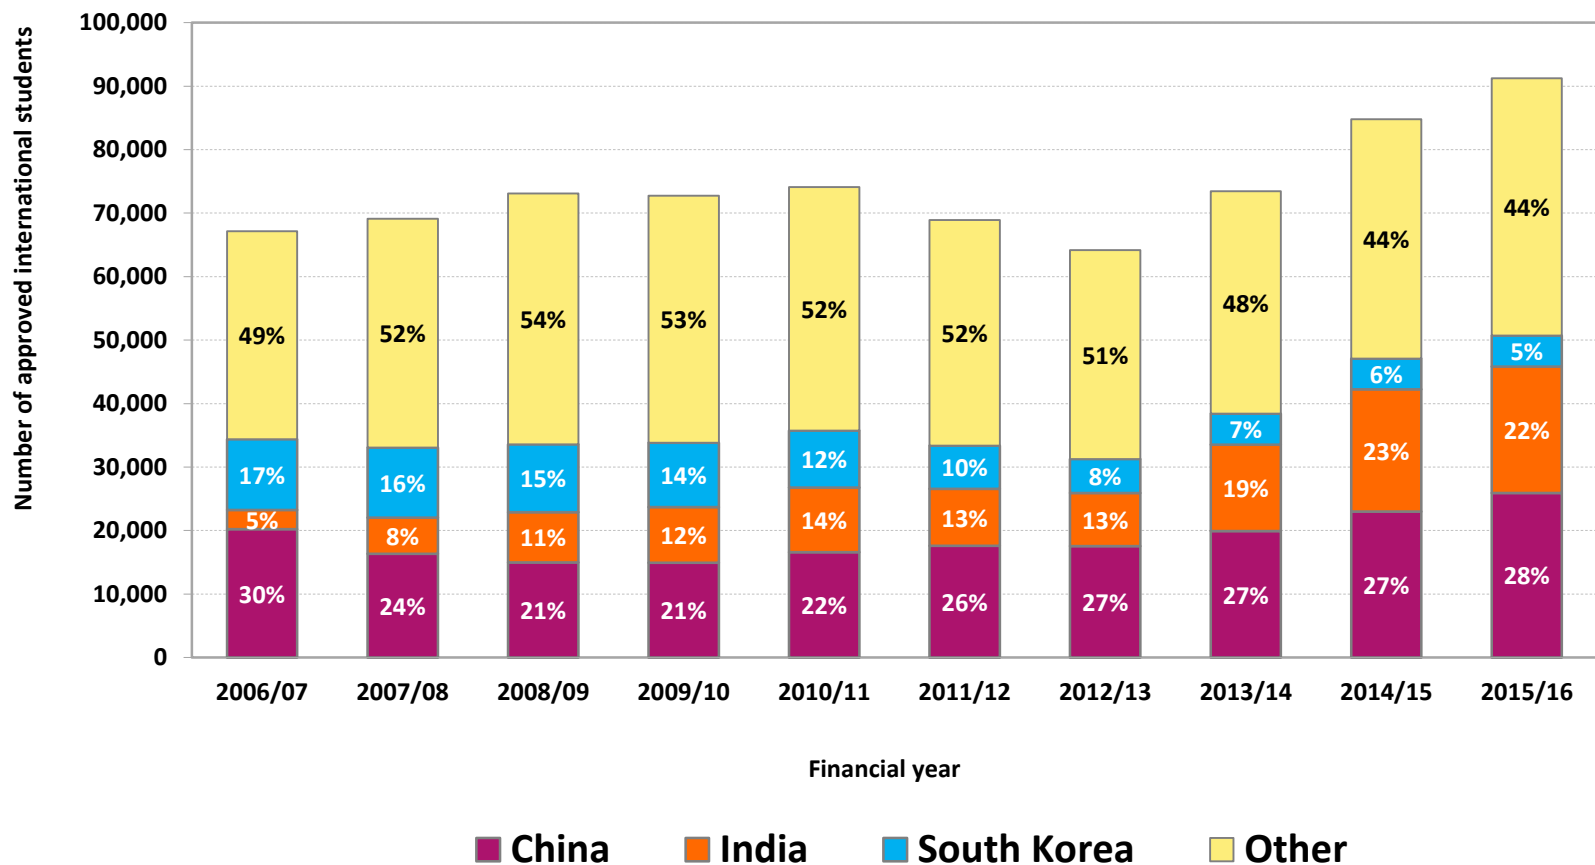

- Visitor
- Students
- Work
